

LIFETIME limited on all metal components (includes light housings and mounting hardware)

Halogen Lamps - 90 days

LED signal arrays - 3 years

LX LED's - 3 years

HID Lamps - 1 year

HID Electronics - 1 year

Wires, seals, lenses - 90 days

Chrome or Black finishes - 1 year

All others not listed - 90 days

A good rule of thumb to remember is that if you decided to open the light and do more damage, it won't be covered by the warranty. If you have an issue, **DON'T OPEN IT!** If you do your warranty is void.

Also, if you wrecked and broke it, it's not going to be covered.

**HID Warranty supplement:** The regular Weekend Concepts warranty is in full effect **EXCEPT** for the following provisions:

Lamp - 1 year from date of purchase. Warranty covers failure only; color temperature, spots, flickering and wire damage are not covered.

Ballast - 1 year from date of purchase. Warranty covers failure only; wire damage, over volt damage, and damage from crossed polarity are not covered. If the light fails within the time frame of the warranty it **MUST** be serviced by Weekend Concepts. Removal of the light and sending it in for service is **REQUIRED, NO EXCEPTIONS**. As stated above the light is not serviceable by the customer and any damage or evidence of dis-assembly by the customer voids all warranties.

**LX LED Warranty supplement:** The regular Weekend Concepts warranty is in full effect **EXCEPT** for the following provisions:

LX Arrays - 2 years from date of purchase. Warranty covers complete failure only; color temperature, spots, flickering and wire damage, over volt damage, and damage from crossed polarity are not covered.

If the light fails within the time frame of the warranty it **MUST** be serviced by Weekend Concepts.

Removal of the light and sending it in for service is **REQUIRED, NO EXCEPTIONS**. As stated above the light is not serviceable by the customer and any damage or evidence of dis-assembly by the customer voids all warranties.

### **What if I have a warranty issue, how do I get my lights fixed?**

It is our policy to have the entire light sent to us so that it can be fixed to factory spec and quality. A Return Authorization (RA) is required for warranty repairs. Once the light is received, it will be inspected in regards to your complaint. If some portion is not covered you will be contacted and options discussed. Shipping charges are not paid or reimbursed on warranty items.

If an items needs to be returned, the customer is responsible for the return shipping fees and should obtain a Return Merchandise Authorization (RMA). Please contact our Customer Service Department at (800) 624-6234 to discuss the reason for the return and make the necessary arrangements. The amount of the refund will be based on the purchase price of your products and may include a restocking fee.
