

## **Return Policy**

Items must be returned within 60 days to be eligible for refund. Unused items can be exchanged at any point in the future, or be used towards another purchased. Returns **WILL NOT** be charged a restocking fee. We believe in passing on the same benefits to our customers as "box store" performance retailers do, except with a more personal approach to customer service. Quantum brand fuel pumps, Quantum fuel pump accessories, and Quantum fuel injectors have a Lifetime Warranty on the parts themselves. If the part should fail at any time, Quantum will replace it at no additional cost. Under no circumstances will Quantum be responsible for repair costs, towing costs, or storage costs related to a failed part. All shipping costs will be covered by Quantum. The buyer must contact us at 1-818-574-FUEL, or email [sales@highflowfuel.com](mailto:sales@highflowfuel.com) to obtain an RMA number.
