

When you purchase a RIVCO accessory from a dealer, and the dealer installs it, you must make sure you register your warranty.

RIVCO warrants products we sell, and what our authorized dealers sell. If you purchase a RIVCO accessory from any business other than RIVCO, and there are any questions concerning quality or the warranty, we will require a copy of your receipt.

RIVCO offers a two year (2) Limited Warranty on most products including chrome plating. We will replace or repair at our option.
